

Commercial and business lending experts with real capital access.

Jack Artinian Finance Associates offer tailored commercial lending solutions to meet your unique business financing needs, ensuring a smooth and efficient funding process for your commercial ventures and investments.

\$7 Billion Funded

Total Loans Funded

Years of navigating commercial & business lending channels with clients across multiple industries. This funding history demonstrates the team's ability to secure real capital in a wide range of economic environments and lending conditions.

We leverage a strong proven network.

Our lending network spans conventional and private lenders, ensuring broad access to capital. We also collaborate with alternative financing groups for businesses needing flexible or unique solutions. To round out our capabilities, we work closely with specialized commercial funding partners who support larger or more complex commercial transactions.
